

Eaton TAA-compliant solutions

TAA-compliant solutions for government procurement

Eaton offers a complete line of power and connectivity solutions certified to comply with the Federal Trade Agreements Act (TAA) for easy addition to GSA Schedules and

other government contracts. TAA-compliant products are also ideal for any business or organization seeking IT solutions made in the USA and other free-trade friendly countries.

Save time

- Complete solution from a single source means less time spent on implementation

Save money

- Avoid penalties by staying compliant with GSA Schedule contracts
- Clean power sensitive equipment lifespan

Reduce risk

- Vital services and information remain powered and accessible
- Protect personnel, data and systems with secure technology

EATON
